Bid in person or online

Be prepared and register to bid early. We offer multiple ways for you to register: if you're bidding in person, register at the auction site. If you're bidding online, register via our website at rbauction.com

IMPORTANT: If you've registered to bid online in the live auction or the online Timed Auction, but want to bid on site, you must register in person at the auction site.

Deposit requirements

You may be required to place a **refundable bid deposit** equivalent to 25% of the amount you want to spend or your maximum bidding limit.

Online bidders – you may need to place a refundable deposit before you bid – check the auction details on our website for more information.

International bidders (countries other than the United States and Canada) – unless you have made prior arrangements with Ritchie Bros., you are required to place a deposit equaling 25% of the total expected purchases, or US \$25,000, whichever is higher. Accepted methods of payment include cash, wire transfer, credit card or certified/cashier's check. This deposit will be refunded if no purchases are made.

» Bidding options – we offer several convenient ways to bid (including via our mobile app)

On site – live auction and Timed Auction

1. **Bring photo ID** to register in person. There is no charge for registration, but you must present official photo identification (identity card, driver's license, or passport).
2. Once you've registered on site you'll receive our listing catalog with a unique bidder number or you will have the option to download a digital version. You will also receive a PIN card to access the Timed Auction. You can use this PIN to access the Timed Auction kiosks on-site, as well as remotely online.
3. Check the auction schedule in your listing catalog to find when and where each item will be sold.

IMPORTANT: If you want to bid online, you will need to register separately on our website.

Proxy bid

Proxy bids are a great alternative if you want to bid on two items being sold around the same time, or you need to bid from a remote location without reliable internet access.

1. Register to bid at the auction site.
2. Place your maximum bid in person or by phone
3. We will do the bidding for you, up to and including the maximum amount you specify and your purchase will be obtained at the lowest bid possible.

NOTE: the minimum proxy bid we will accept by phone is US\$10,000.

What is a Timed Auction?

We sell equipment attachments, consumer goods and other smaller items in an online Timed Auction, with no auctioneer. Bidding opens February 16 and closes at staggered times during the auction. Every item is sold to the highest bidder when bidding closes. Check our website or the auction day listing catalog to find out which items are being sold by Timed Auction.

Online – live auction and Timed Auction

To bid online in real time in the live auction or to bid in the Timed Auction, sign into your online account or sign up for a free account if it's your first time:

1. Create a free online account and activate online bidding.
2. Click 'Register to bid online' on the auction calendar and complete your registration.
3. You may be required to place a refundable bid deposit equivalent to 25% of the amount you want to spend or your maximum bidding limit.

Online preBid

If you are unavailable or away from your computer during the live auction, you can place an online preBid on items that have not yet come up for auction, and the system will bid for you. A preBid allows you to define your maximum price for a lot before bidding begins, and the system will place bids for you up to your defined maximum.
