As a farmer, you're an expert at adapting to change. And we're right here to help.

The old saying **“Change is the only constant in life”** could have come straight from a farmer, because nowhere could that be more true than in the agriculture industry. From the weather to commodity prices, there's always some variable to keep you on your toes.

At Ritchie Bros. we pride ourselves on our ability to move and change quickly to help you however we can. **That's why we've undergone some significant change ourselves this past year.** We've introduced more services, added more auctions, and had new members join our family of companies, including Kramer Auctions in North Battleford, SK.

We also acquired IronPlanet, a leading online equipment seller offering weekly online equipment auctions, and we launched Markeplace-E, our online marketplace to help you sell or buy ag equipment at your convenience, 24/7.

With our new sales channels, we can now deliver an unprecedented choice of ways to buy and sell to meet your changing needs – including our always popular on-the-farm auctions. However, one thing that will never change is **our commitment to providing expert advice and personal service** from Ritchie Bros. reps who live and work in your community, understand farming and are up to date with the most modern farm equipment, agriculture and real estate markets.

Our goal has always been to provide our agricultural customers across North America with the best selection of equipment, real estate, livestock and ag related assets to be sold by auction. This Auction Guide is a testament to that dedication from our company to you. We are continually striving to increase our services, our staff, our marketing reach and the selection of what we sell in hopes to make the auction process easier and more successful for sellers and buyers alike.

Be sure to contact your local representative to find out how we can help you, or **visit our website at rbauction.com**.

We hope you enjoy our Spring 2018 Auction Guide, **featuring 117 unreserved public auctions**. We'd like to thank you for your continued support, and wish you all the best for a successful season.

Travel safe and we hope to see you at a sale soon.

“Ritchie Bros.’ vast knowledge and patience had us well-prepared for sale day and it went off without a glitch”

Collopy Farms Ltd., Ken & Duane Collopy and Families, Frobisher, SK – April 6, 2017
837 Registered Bidders — 79% Online | 21% Onsite

Our online Timed Auctions: now more time to bid, more opportunity!

Upgrades and improvements make Timed Auctions easier and more convenient.

We've recently made some enhancements to our online Timed Auction system (automated bidding with no auctioneer) to make it even easier to use, and to give you more opportunity to bid on items you want including equipment attachments, consumer goods and other smaller items.

Some of the new features we've introduced

1. Time Extensions give you more opportunity to bid on items.

When time is running out on an item, any new bids placed will cause additional time to be added to the closing time of the lot. This gives bidders an opportunity to react and place another bid if they wish.

✓ You are the high bidder.

High Bidder: **You!** High Bid: **\$15**

Bidding closes:
1m 25s Time Added

2. New countdown to indicate that bidding is closing on an item.

We've switched to a visual version of our traditional "Going once....going twice...going three times" before bidding closes and an item is sold.

High Bidder: **10006** High Bid: **\$10**

Bidding closes:
8 Going Twice

3. Timed Auction system is now optimized for use on mobile devices.

Our system is now fully responsive so it displays on smart phones, tablets, and other mobile devices to help you bid from anywhere.

Moose Horn Lodge - Margaret Sunkel
 4 Parcels of Real Estate – Little Bear Lake, SK
 Lodge, Store & Campground and 3 Cabins

RM of Lower Fishing Lake Resource District

Moose Horn Lodge & campground is a lakefront revenue producing paradise in the heart of Saskatchewan's north. It features everything from sandy beaches, crystal clear water, excellent scenery to fishing, ATV trails and more. Anglers can enjoy the variety of Lake Trout, Northern Pike, Walleye, Perch & Whitefish.

In past years, the Moose Horn Lodge has been operated from mid-May to mid-September, however could be operated all year around. Moose Horn Lodge is an excellent opportunity for anyone who enjoys the northern outdoors. It is ideal for semi-retired folks who travel south in the winter months but love to be at the lake in the summer months, and best of all – earning revenue. Moose Horn Lodge requires little overhead and limited staff to operate. The current owner operates the business individually with minimal help. With the high percentage of returning "seasonal site" users each year, this property is a ready-made revenue producing paradise just waiting for a new owner to enjoy.

Meet your TM*

Kurt Cormier - East Manitoba
Joined Ritchie Bros in 2017

I grew up on a mixed farm consisting of beef cattle and market gardening in La Salle, MB (south west of Winnipeg). My parents kept me and my two brothers active in 4-H as well as competitive sports such as hockey and baseball, but my true passion was farming.

I received a Business Administration diploma from Red River Community College that focused in the areas of sales and marketing as well as accounting.

I spent the next 20 years working in several facets of the agri-food industry, most of it working directly with primary producers. I was given several career opportunities, which had me living in different parts of the country and as far east as Truro, Nova Scotia. One thing that always remained consistent was the importance of acting with integrity and transparency when working with existing or future clients.

In 2007, I returned to La Salle with my wife Andrea to live closer to our families and raise our own. We have three young children that keep us busy, like most, with various activities such as hockey, baseball, swimming and music. I continue to be involved with the family farm and own a small herd of purebred cattle.

My knowledge and interest in the agriculture industry lend itself well in building on existing client relations and making new ones. I am excited to join the Ritchie Bros. team and be a part of their relentless commitment to be the industry's premier choice in marketing and selling equipment.

Carsen McMann - South Edmonton
 Joined Ritchie Bros in 2017

I grew up in the Thorsby, AB area on a large mixed farm of cattle and grain, tagging along with my dad to many cattle and farm auctions. I currently enjoy being involved with the farm, as I'm usually helping out with whatever is needed, from operating equipment to repairing it.

Prior to joining the Ritchie Bros. team, I worked as an Outside Sales Representative and Sales Manager for a Case IH dealership in central Alberta over the past 5 years. From this, I gained a tremendous amount of business experience and equipment knowledge, which allowed me to create strong relationships with customers in my region.

I am very excited to join the Ritchie Bros. team and learn the auction side of the business while still sticking within the industry and equipment that I enjoy and know best.

I currently reside near Calmar, AB with my wife Taelor, who I was lucky enough to marry last year. I look forward to creating a successful and long term career with Ritchie Bros. and will strive to gain the relationship & trust with each of my customers to ensure they are confident in the services we provide.

Gavin McGown - South Central Saskatchewan
 Joined Ritchie Bros in 2017

I was born and raised in Regina until my wife Brandi and I purchased an acreage near Rouleau in 2006 where we are raising our two beautiful daughters Alivia (7) and Violet (5). I love spending time outdoors with my family whether it be quading, snowmobiling, fishing or working with the kid's numerous animals at the acreage; the newest addition being a little herd of heifer calves.

My Dad came from a mixed farm near Spiritwood, SK and my Mom was raised on a dairy farm near Mclean, SK. My parents still own the family farm at Spiritwood, where I have endless memories of my childhood and continue to share these memories with my wife and daughters as we make numerous trips up to visit and to check on our own neighboring land that we recently purchased.

I have attended many auctions over the years and one thing I always noticed at the Ritchie Bros. auctions was that everyone seemed to love their job. After many interviews and meeting many people within the RBA family I knew this was the company for me. I'm fortunate that I am centrally located in my territory to best serve my customers and I look forward to working with all my customers to assist with their buying and selling needs.

2017 Winner: Paul Moore

Ritchie Bros. is pleased to announce the winner of the Winners Circle Auctioneers Competition on November 20, 2017, presented by Ritchie Bros. Auctioneers.

Winners Circle offers an exciting opportunity for show goers to get a taste of the horse pulls and an auction with all the social camaraderie Agribition is famous for!

Competing auctioneers battle it out in front of a team of expert judges. The auctioneers sell off the naming rights for teams in the horse pull competitions as well as charity items. This year's competition helped raise \$5000 for STARS Air Ambulance.

Congratulations to Paul Moore from Yorkton, who fast-talked his way to win the 7th Annual Winners Circle Auctioneers Competition!

Keep your eyes open for information on the 2018 qualifier!

ABOUT
YOU

“Prior to contacting Ritchie Bros., we were skeptical of selling our equipment by auction, especially unreserved, but after meeting with them, and understanding everything they would do to assist with the auction we were ready to proceed. After all was said and done, the end results were exactly as they had described from the beginning.”

Auctions Done Right

And the companies that created our legacy

Kramer Auctions 1949 - 2016

Kramer Auctions Ltd. was founded by the late Eiling Kramer in 1949. At the time, Eiling was raising Hereford cattle on the family ranch north east of the Battlefords. Eiling had a lifelong genuine interest in people. In early years, he enjoyed announcing 4H shows and calling square dances in the nearby communities. It was then when a neighbour suggested he try auctioneering and that's where it all began. Auctions were a local business at the time with Eiling's first farm auction being conducted near Sandwith, SK. (Ironically, years later in 1971, Eiling's son Neil conducted his first auction near the same location.)

A Stint in Politics While the Family Business Grows With Neil and Monica

Eiling also enjoyed a successful political career where he served as the MLA for the Battlefords and area. For close to thirty years, he held various positions including Minister of Highways, Natural Resources and Cooperatives. As Eiling's political career became more demanding, Neil became involved in the business. Neil attended auction school in 1970 and he and his wife Monica joined the business in the early 1970s eventually taking over the business. The business continued to grow. Neil also sold real estate while

Monica had a career at the Credit Union, all while raising a family of four. There were many late nights after the kids went to bed working over the kitchen table trying to make it all work. Eventually the auction business grew and required their full-time attention.

“Like many businesses, things started off as a Mom & Pop operation working from the kitchen table...”

Kramer Auctions Ltd. - 1949 to 2016

Enter the Next Generation

In the late 1990s, Neil's and Monica's sons, Kim and Brendan, and son in-law Michael Higgs also began careers with the business. All three grew up around the business from a young age working their way up the ladder. They began with odd jobs on sale day, then looked after

cleaning the auction trucks and trailers, pre-auction setups, washing equipment and organizing sale yards, eventually moving into catching bids, auctioneering and managing the business. Neil's and Monica's daughters, Joelle Kramer-Higgs and Jen Weber, also grew up around the family business helping anytime they could to keep things running smoothly. Joelle currently runs her own business and Jen has assisted with managing the auction office for the past several years. Scott Meiklejohn deserves recognition with over 30 years of service. He began auctioneering for the Kramer family when he was 18 years old. His unique character, sense of humor and auctioneering talents have made him a crowd favourite.

Branching Out and Using Technology to Help Customers

After years of leasing various locations Kramer Auctions established their headquarters and permanent auction site in 1998 along Highway 16 east of North Battleford. At that time, they diversified into livestock auctions and started a retail trailer business to keep everyone employed year-round. In 2005, Somerville Auction Service, founded by the Late Ray Somerville in 1958, also joined operations adding key members to our team – Bryan, Sam & Ken Somerville along with Dennis Hyland.

Throughout close to 70 years, the auction business has

expanded considerably, from conducting a handful of auctions in a 50-mile radius to more recently over 100 per year across three provinces. Our family has always loved the auction business because it is very rewarding. We take a great deal of pride helping customers with their agricultural buying and selling decisions. We also enjoy giving back by helping many families and organizations with very worthwhile causes, raising millions of dollars through numerous benefit auctions. Over the years we have valued the countless relationships built with customers across western Canada. We feel privileged to deal with some of the world's best people – Canadian Farmers and Ranchers.

Just like farming, our business faced numerous challenges over the years. We overcame these challenges, embraced change and have enjoyed many years of success. From the introduction of sound systems, mobile auction equipment and computerized auction management systems to the many changes introduced from the internet such as websites and online bidding, we have always prided ourselves in offering customers the best of service and will continue to do so.

An Exciting New Chapter

We are very proud of our legacy of three generations and close to 70 years in the auction business building a name

people can trust. We have been blessed with the opportunity to work with family and friends. Our success would not have been possible without their dedication and commitment of going the extra mile. Auctions have been and will continue to be a big part of our family for many years to come. Now a part of Ritchie Bros. Auctioneers, we are enjoying spending time building relationships closer to home and looking forward to serving customers for years to come. With the combined strengths and trust of the Kramer and Ritchie names, we offer a more diverse selection of services to assist farm families with their buying and selling needs.

Meet your Auctioneer

Terill Rosvold — LaGlace, AB Joined Ritchie Bros in 2002

Our 3rd generation family farm in LaGlace, AB is where I was born and currently reside. In 1985, I took over our grain/cattle

family farm and soon after I got married and started a family. Along with my wife Karen and four children we continued farming. I worked in the forest industry in the winters until 1998. My passion was always attending farm and cattle sales so, I decided to follow my dreams and go to auctioneer's school in January 1998.

Following completion of auctioneer's school, I went to work for numerous auction companies that spring and summer. I continued in this fashion through the fall, building my experience. All Peace Auctions hired me in the spring of 1999 which kept me very busy in April and the small business atmosphere of All Peace Auctions was thrilling. The spring of 2002, Ritchie Bros. Auctioneers acquired All Peace Auctions. The first RBA auction we attended after being acquired, was the grand opening of the Nisku auction yard, which was quite an impressive facility and operation to see. My primary role with RBA was auctioning at the off-site farm auctions, which suited my background of agriculture.

It is a pleasure dealing with farmers and being apart of their decision to retire along with the auction process that follows.

RBA kept me so busy we decided to sell the grain operation side of our farm in 2007 through RBA. This of course was an easy decision to have RBA sell my farm, as they are the best in the business. Being on the other side of the sale was an emotional yet satisfying experience. The farm sale experience helped me relate to other farmers as they experience their own life changing day, just as I had.

As I grew within the business and evolved my trade, RBA has afforded me the opportunity to travel the world as an auctioneer and to experience the global marketplace in the agricultural and industrial world. My travels from Dubai, Australia, and all of Europe have given me a global prospective of pricing and the industries among the world.

RBA's online bidding system has given anyone in the world the opportunity to purchase equipment from anywhere. RBA's technology has given farmers the ease of bidding, even during spring seeding and fall harvest time frames. Customers can now bid on their mobile phones from the tractor or while unloading a grain truck in the fall. RBA has recently offered a new online proxy bid program, allows farmers to put a price on a piece of equipment without having to wait for that piece to sell which ensures no disruption in the busy agricultural seasons.

The spring farm auction run reels me in every year. The excitement and personable touch of the off-site farm sales gives me great satisfaction after completing the sales. I am always

so happy to see the satisfied consignors and know that we are assisting them in their retirement sales or whatever their future endeavors may be.

Our farm auction teams work harmoniously and this makes me very proud to be apart of the Ritchie Bros team for now and for many years in the future.

Ritchie Bros. celebrates a family farm's 100th anniversary.

Swift Current, SK - April 6

Stuart and Doug Smith and their families at Swift Current, Saskatchewan have retired and are excited to have Ritchie Bros. Auctioneers conduct their auction sale.

Our great grandfather homesteaded south east of Swift Current and relocated to this site in 1918. Our farm has seen a tremendous number of highlights over the years such as we have raised cattle for 99 years; from purebred horned Herefords to Charolais to Red Angus/Simmental and a few milk cows in the first 45 years. In the early years, we did some horse trading to selling produce from raising pigs, chickens,

and laying hens. We sold short line farm equipment off farm from Smith Roles/Blanchard and others. In addition, we

sold hay and straw from both irrigated and dry land. We were heavily involved in selling seed grain for over 40 years, along with cleaning commercial grain for 37 years. We have worked with the Swift Current Research Station and

or farming practices. The National film board of Canada even made a short movie at the farm in 1959. John Deere even did extensive research and testing of their 1900 discers at the farm. Our father's, Allan and Murray purchased the

local John Deere dealership in 1975 and sold it to Doug's brother Duane and his partners who developed JayDee Agtech Ltd. The farm is now rented to Simpson Seeds to expand their seed business in Sask.

We want invite everyone to our farm on April 6th, 2018 to help us celebrate our sale and 100th anniversary. Thank you in advance!

Granting Wishes

Supporting the Children's Wish Foundation

In December, 2016 a group of 12 guys on the Ritchie Bros. Sales team in Edmonton decided to enter a team into the Children's Wish - Exile Island fundraising event in Edmonton to help grant children with a life threatening illness a wish. The minimum amount needed to grant a wish was \$10,000. The organisers paired the team with a beautiful 12-year-old girl named Lily who was in need of a liver transplant due to a rare condition.

The team rose to the challenge of raising the money needed to grant Lily her wish. The team held a series of fundraising initiatives in the hopes of reaching our goal. One of the most fun and profitable events was the Pie in the Face contest. On sale day we had staff and customers alike lined up to throw pies at the smiling faces of our brave and generous Territory Managers.

With the generous support from our customers, family and friends we were able to raise a total of \$17,000 for the

Children's Wish Foundation.

In February of 2017 Lily received her liver transplant and is now a healthy, happy, thriving 13 year old!

The team has again chosen to support

the Children's Wish Foundation and we are again looking for the support of our friends, family and customers to help us reach the minimum goal of \$10,000 to grant a wish to a child.

To help reach our goal and by popular demand we will again be holding a pie in the face event at the Edmonton February sale. For a mere \$100 you can throw a pie in the face of one of our brave and generous TMs. List of available

faces are: Trent Vandenberghe, Ryan Eacrett, Perry Bourque, Andrew Lutic, Elliot Bicknell, Blair Gogowich, Mike Chyzowsky, Tyler Doulgas and Chris Ireton.

We will do this on Wednesday, February 28th, time to be determined. We will be able to take funds via cash or credit card (on sale day).

If you are not able to be on site on sale day we will find someone to act as your "designated pie thrower".

In addition to the pie in the face we will be auctioning off 5 preferred parking spots in front of the Edmonton auction site. We will auction off 5 preferred parking spots in front of the building. Each spot will have a sign that says, "Children's Wish Supporter" and the successful bidders name. These 5 spots will be available to bid on via Timed Auction. The successful bidders will have their preferred spots available from March 2, 2018 until March 1, 2019.

We could not successfully do these events without the support our customers and Ritchie Bros. Thank you.

Robert & Theresa Kirsch

Telkwa, BC - March 28

One of the feature sales for the 2018 Spring season is Kirsch family farm auction in Telkwa, B.C. on March 28th. A picturesque 299± acre property with a spacious log home – and the equipment to run a hay growing business – make this a must-attend, one-of-a-kind auction for the season. Mark your calendar!

Current owners Robert and Theresa Kirsch first came upon the central B.C. property in 1962 and fell in love with it at first sight. Back then the property featured an old trapper's cabin, barn and blacksmith shop, surrounded by shrubs and trees. It wasn't until over a couple of decades later in 1985 when they had the opportunity to buy it. With the setting so perfect, the Kirsches built their home where the cabin had been. Robert, Theresa and their family, including two daughters and four grandchildren, have built many fond memories and enjoyed the property ever since.

The Kirsches aren't alone in their appreciation of the area. Many have travelled from afar to the area for its recreation opportunities including its world-class fishing and hunting. Snowshoeing, hiking, snowmobiling are just a few of the other activities locals and visitors alike engage in. The area has also been noticed by moviemakers with it becoming the backdrop of two movies.

mountain ranges and a river. It features approximately 150 acres of prime farmland, a log home, outbuildings and many upgrades. The other smaller parcel includes approximately 24 acres of farmland.

Theresa are now changing their pace of life by downsizing to a 3- to 4-acre spread by Salmon Arm, BC.

When asked why they chose Ritchie Bros., Robert said: "We believe in the power of Ritchie Bros. We've witnessed successes in B.C. and in Prince George and the marketing Ritchie delivers. Also, with the process being done in one day fit for our needs."

Equipment in the sale includes a 2002 Valtra 6750 tractor, a New Holland 1069 small SQ bale picker and a 2011 New Holland BC5070 small SQ baler among other items.

Mark your calendars today!
